

International Ideas

Why not get your Explorers "Looking Wide" with a world-wide themed activity...

International Mind Mapping – time (as long as you like) !

Equipment

Access to the Internet (via phones / Laptop etc.) to research International events
Paper A2 or Wall Lining Paper / Reverse of Wallpaper
Marker Pens

The aim of the activity is for the Explorers to create a series of "Monthly Mind Maps" to generate ideas to be incorporated into the activity programme for the Unit.

Encourage the Explorers to "think out of the box" and create as many ideas as they can for each month and then have a series of International "micro" activities for a small part of every meeting, adding up to a year of International celebration.
