

Mini Census
Matthew Burrell

Scouts

Norfolk

Southern Norfolk provides the data for their District. Volunteers in Southern Norfolk do not need to take part in the mini-census activity,

Annual Census

- January each year
- provides useful and in-depth information
- a lot can change in a year
- can lead to ‘surprises’
- often unearths problems too late

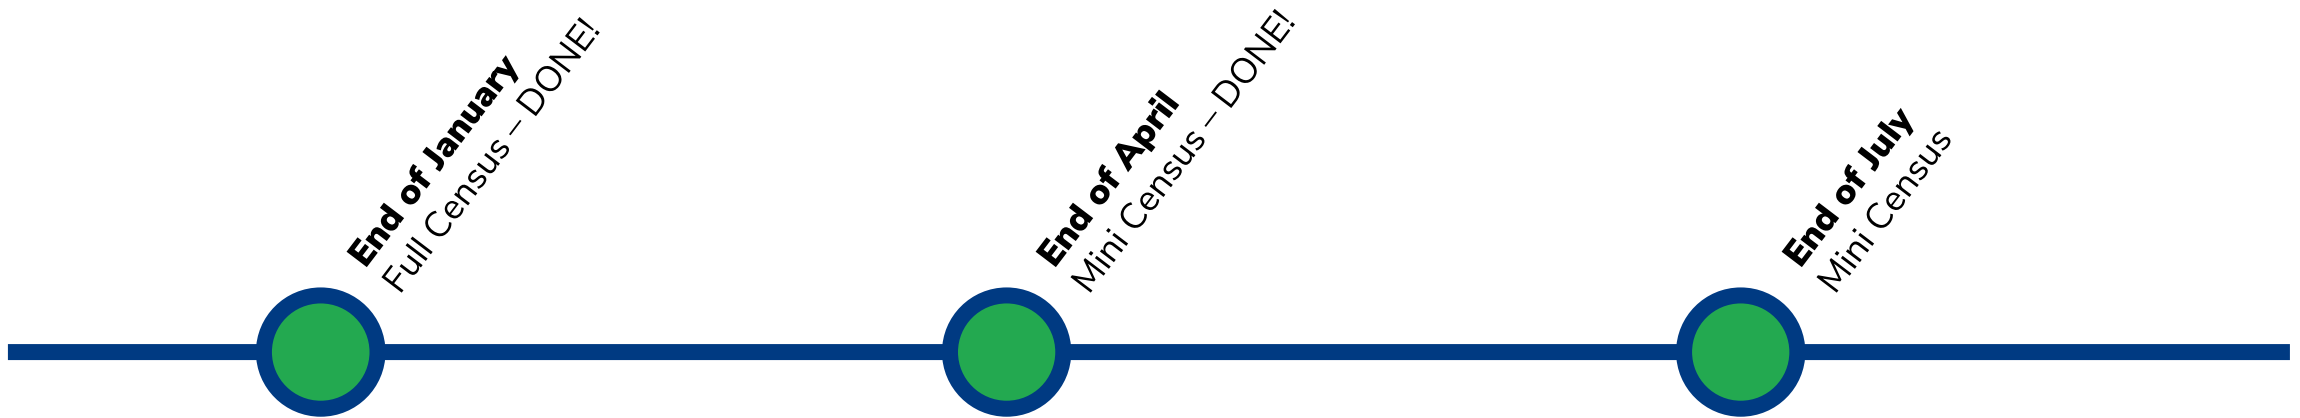

Mini Census

- East of England led activity
- more regular snapshot of growth
- helps monitor moving on
- quicker to identify where support can be provided
- celebrate success sooner

Timing

- coincides with end-of-term
- natural check points

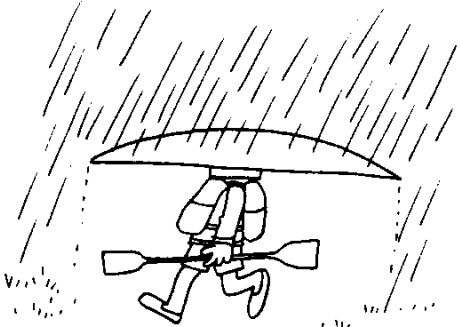

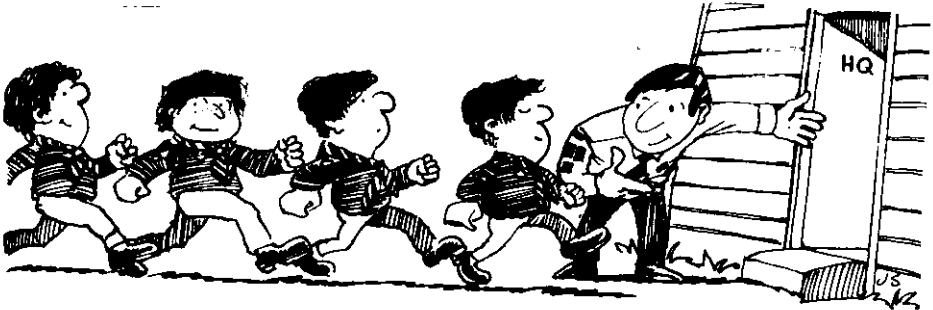

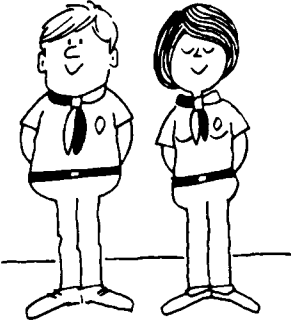

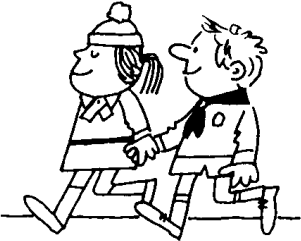

Don't worry!

- mini-census will be straight-forward
- simple single piece of information
- digital collection method

Annual Census collects a lot of data...

Mini Census is just a number!

- record the number of young people in a section at the end of term
- include non invested members
- if young people are moving up, record in the younger section
- Young Leaders who do not attend an Explorer Unit can be recorded

Record online

- www.norfolkscouts.org.uk/minicensus
- complete one section at a time
- use the tool as many times as you need
- no passwords or approvals
- email hq@norfolkscouts.org.uk if you have any questions

25 July – 31 August 2019
