

Permit Assessment Day 06/04/2019 Decoy Broad

Canoeing, Kayaking & Bell Boat permit assessment day Decoy Broad 06/04/19

The adventurous activity permit scheme ensures that all those leading adventurous activities for young people within Scouting have the skills and experience to do so without the need for external professional level qualifications.

We will be holding a Canoeing, Kayaking and Bell Boating permit assessment day numbers dependent. During the assessment, you will be expected to demonstrate the appropriate skills outlined in the assessment checklists AC120919 and AC120902.

If you are applying for a leadership or supervisor permit you will be expected to demonstrate group control and safety procedures.

We will also be offering training and advice for anyone that required support to develop their skills.
