

Programme Planning with BETA

Plan your own programmes online or use the pre-planned programmes ...

The Programme Planning Tool can be found on the members pages of [Scout Association website](https://www.scouts.org.uk).

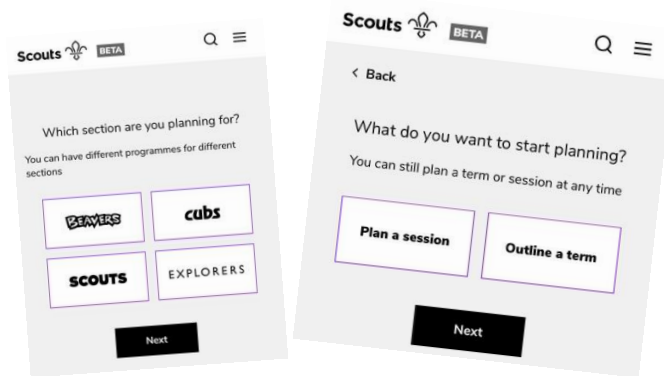

Choose what "Quick Link" you want...

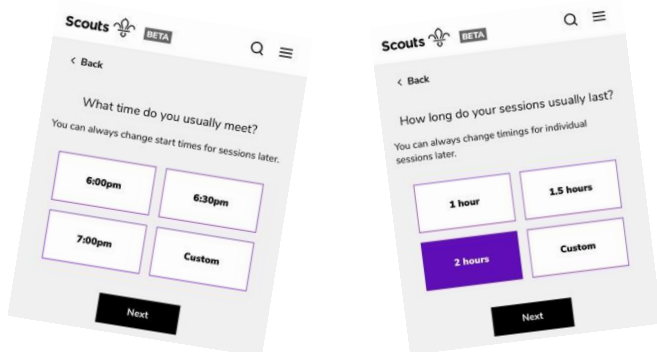

You can either use the programme planning tool or find some activities to use at a meeting – there are 539 activities to choose and more being added all the time.

If planning a programme: Choose what you are planning for...

Select the section you work with and to either plan for a meeting or for a whole term.

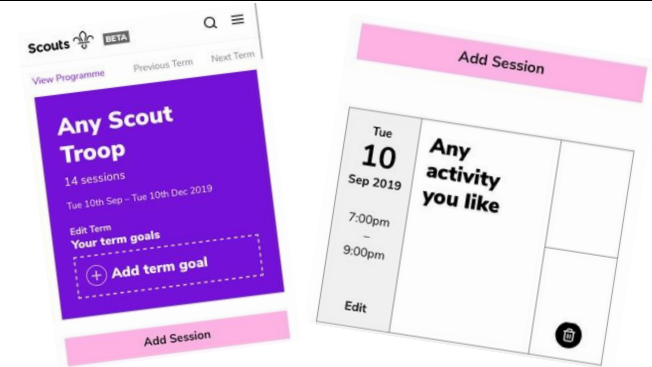

Select a start time and the duration of the meetings...

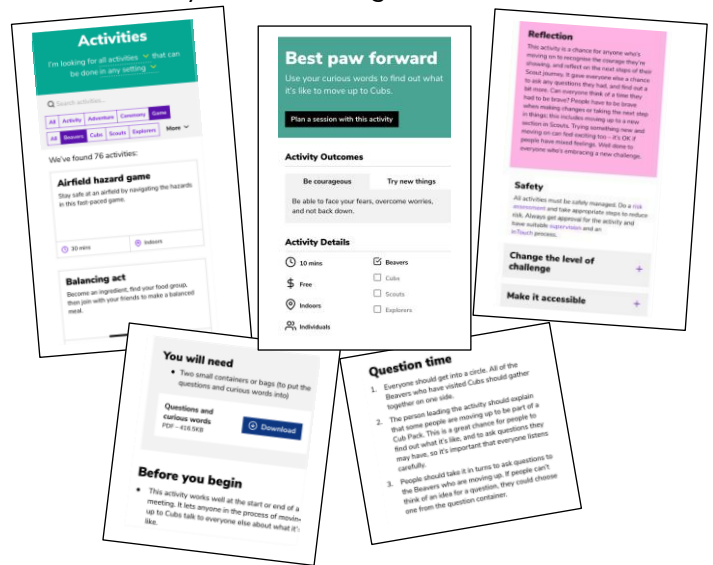

Give a name to your section...

You can then choose to add your own activities or pick from the 500+ programme ideas available for you.

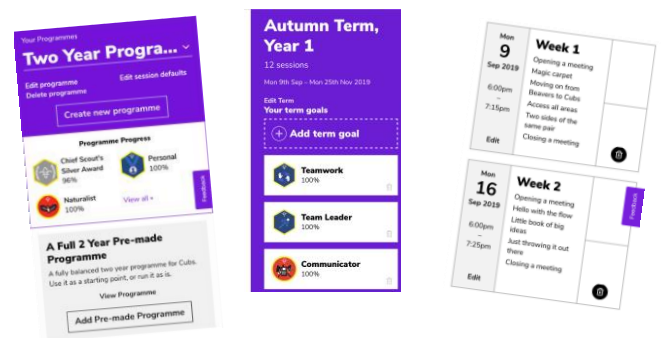

Searching activities to add to your programme...

You can choose to search all activities or refine your search by section or activity type. When you pick an activity, it will give you all the information you need to run the activity and what badges it links to.

Remember to have a look at the ideas for other sections.

Or you can also choose to follow the pre-populated term plans to help you get to grips with the programme:

This option is available for Beavers and Cubs at the moment but Scouts and Explorers are coming soon !
