

## Planning the Book Reader badge for your Cubs.

While you're in lockdown why not complete the book reader badge.

What you have to do:

- Make a list of 6 books that you've read or used since you've been at home.
- Write down a little bit about each book?
- Currently we can't visit a library, but do you know how they sort books in a library, perhaps you could sort your books at home as if they are in a library.
- You could help set up a book share in your community and then help to keep it tidy, showing you know how to care for books.  
This will also help you work towards the community stage 1 badge.
- While you are doing some school-work at home show you know how to use a dictionary or thesaurus.
- Write a short review of one of the books you've read and either post a picture of this along with other photo evidence or let your leader know if you'd like to read the review out on a Zoom meeting
- Post pictures showing what you've done and how you did it.

Scouts could take a look at the Writer Activity Badge, which includes writing a book review.

Beavers could do the Book Reader Activity Badge.
