

Scouts in the Sky – Week 2

Norfolk Scouts Airlines Flight 2020 are pleased to take you to:

Italy

Facts about Italy

Italy is 1,240 miles from the UK

Pizza was first invented in Napoli in around 1860

The word 'Bank' comes from the Italian word for a bench 'Banco' which is where banking as we know it today originated from – with borrowing money conducted from a bench in Italy

Challenges for your time in Italy

Don't forget to upload pictures if you wish to our Facebook page – Scouts in the Sky

TASK 1 : Visit the waterways of Venice and make your own Gondola

EQUIPMENT:

Carboard

Pens/pencils

Scissors

Wood/twigs/lolly sticks

INSTRUCTIONS:

- Using the template below (or others can be found online) cut out your Gondola shape
- Colour and decorate as you wish
- Use twigs/sticks/lolly sticks to make the base and help it to float
- If you wish you can make a Gondolier to go in the boat
- Then sail it away on a pond, river, paddling pool, bath or anywhere of your choosing

SAFETY INFORMATION:

Care needed in the use of scissors

When sailing your Gondola be careful of the water if using a lake, pond or river

Craft

Builder

Gondolas are not steered by oars. Instead a person uses a long stick to push along the waterway.

TASK 2: Make a replica of the iconic Leaning Tower of Pisa from natural materials

EQUIPMENT:

Any natural materials you can find outside – maybe go for a walk first to collect them

INSTRUCTIONS

- **Research using books or the internet what the Leaning Tower of Pisa looks like**
- **Make a creative art replica using natural materials only – the size of this is your own choice**

SAFETY INFORMATION:

**When collecting materials please do not collect anything that is currently 'living'
If making this as an art collage outside, do watch the weather as it could get blown by the wind before finishing**

Hikes**

TASK 3: Design and cook your own Pizza (and make your own oven if you wish)

EQUIPMENT:

Pitta breads
Muffins (or bagels work as well)
Tomato puree
Cheese
Toppings of your choice

INSTRUCTIONS:

- Use either cut pitta breads or cut muffins in half and place the tomato puree on first
- Add the cheese and topping of your choice
- Cook – eat and enjoy

If you also wish to make your own pizza oven – details as below:

EQUIPMENT:

Disposable BBQ
Cardboard box (big enough to cover the BBQ)
Sharp scissors
Lots of tin foil
Baking tray
4 metal tent pegs or skewers
Oven gloves
Masking tape

INSTRUCTIONS:

- Cut either the top or the bottom off the box and make the other end into a flap (to open and close for the lid)
- Completely cover your box with foil, leaving no area exposed and use the masking tape to fix it
- Push 1 tent peg through each corner diagonally across and this should hold your baking tray in place

- Light your BBQ and once the charcoal is ready place the box over the top
- Once hot place your pizzas on the tray and wait for them to cook

SAFETY INFORMATION:

Safety – the box will be hot, please use oven gloves
Please extinguish the BBQ when you have finished and dispose of safely

Random Acts of Kindness - at every destination:

Can you do any of these this week?

- Paint a stone with a message and leave it to be found
- Draw a picture for an older person and deliver it
- Link up with a local care home and send them some drawings
- Send a postcard to someone you have not seen in a while
- Go out on a litter pick and tidy up your neighbourhood
- Do a job at home that someone else normally does for you
- Be kind to yourself – before you go to bed write down 3 things that give your happiness
